2020 Supplement
Dear Henri Studio Enthusiast!

TWENTY NEW FOUNTAINS for the 2020 Season!! With copper and lights abounding, the creativity continues at Henri Studio with the widest, most diverse and most original product offerings in the market today.

- The **3-Tier and 4-Tier Buckingham Fountains** put a “wide copper spill” twist on the traditional tiered fountain. We think you’ll agree that this is a significant evolution of the art.
- Four unique wall fountains offer wide copper spills and cascading water, each with its own unique theme. The **Starry Night, Terrain, Bamboo and Northwoods Wall Fountains** provide an artistic or natural background to wide and soothing water flow.
- The **Bauhaus Fountain** is three levels of modern, cantilevered and lighted beauty; accented with six brilliant copper spills. Bauhaus design celebrates 100 years in 2019 and this is a fitting tribute.
- Our **Reflections Fountain** features three expansive and lighted reflecting pools with wide copper spills providing soothing water flow for any landscape.
- Our **Luminaire Fountains**, both **Round and Square**, elevate fountaineering to brand new heights. Fourteen discs, stacked and separated by acrylic rings, provide a literally floating appearance. Plus, changeable central lighting allows just the right nighttime ambiance.
- Reaching upward in an asymmetrical fashion, the **Aspire Fountain** is both form and function. A beautiful piece of art, its glistening waters bring this ethereal element of nature to the forefront while the natural landscape can be seen beyond.
- Bringing fountains and plantings even closer, our **Rainforest Wall Fountain** combines a centrally plunging sheet of water with shelves on either side for your favorite plants or collectibles. A virtual rainforest in your outdoor space….
- Our **Pinnacle Fountain** provides generous, sheeting water flow in an upright and compact, low-splash design. The up-lighting reflecting off of trees will mesmerize the spirit.
- Our new **Cascading Leaf Fountain** will easily grace that special nook in your garden with water, sound and lights.
- The **Terrazza Fountain** offers old-world, rustic appeal. Its great water action and sound are topped off with dancing lights that shimmer in the night.
- Our **Gathering Turtles Fountains**, in both low and tall versions are a visual delight, as a family of five gathers around the water and light on a large African lily.
- The **Lotus Fountains**, also in low and tall versions, is a beautiful complement to the multiple colors of your garden. Whether in High Tone paint or Relic Stain, its graceful design will captivate all.
- The **Siena Cascade Fountain** is stately and provides the quintessential fountain look from its 32 perfectly carved spills.
- Two pairs of square planters, Large and Medium, **Antiqued and Shell Planters** make a statement and offer generous planting area.
- “Tanner” the Ticklish Dragon along with “Bella”, “Piper” and “Scout” add a magical whimsy to any garden setting.
- “Henri” the Hippo gives a wry smile while “Luna” the Unicorn will add magic to any garden.

Henri cast stone creations are enriched by an unparalleled selection of popular finishes. From rich Relic Stains and subtle Stone Washes to traditional Acrylics and colorful Hi-Tones, the vivid palette of extraordinary finishes infuse Henri cast stone creations with an aura of timelessness.

**Relic Stain Finishes**

Relic’s weathered look blends rustic earth tones into unique and striking combinations. Within its color range, each Relic Stain finish will vary from lighter to darker, with some sporadic mottling. Relic Stains enhance and reveal the rich character sculpted into each Henri creation.

**Relic Hi-Tone Finishes**

Some Henri originals are available with one or many relic highlights, adding further depth to an already rich and vibrant finish. Identified as Relic Hi-Tone (RH).
Stone Wash Finishes

Softer tones with a consistent hue, Henri’s Stone Wash Finishes lend a rich and elegant look to virtually any sculpture or fountain.

Acrylic Finishes

Traditional paint and antique finishes tastefully adorn our cast-stone creations to create a classic look.

Hi-Tone (HT) Finishes

Subtle highlighting in which various acrylic colors are applied for a lively overall effect. Only select Henri items are available in Hi-Tone and these are usually depicted as such in the Henri Catalogue.

Natural Finish (NA)

Henri cast stone without a stain or painted finish, the Henri Natural is the most refined and unblemished cast stone available.
